- Number of selected athletes is based on the available individual spots per gender.
- Number of selected athletes is based on the available relay events.
- Selection is based on the following in priority order:
 1. Athlete selection order is based on ranking using the highest pentathlon score achieved at a Junior or Senior UIPM sanctioned International Pentathlon Competition within the previous 12 months from the time of submission of Entry Form A or the most recent Junior/Senior Canadian National Championships.
 - Competition scores achieved at either Senior or Junior division competitions will be compared directly with equal priority.
 - In the event of a tie in scores the international score will be the priority score over a Canadian National Championship score.
 - In the event of a tie in International competition scores the second highest score of each athlete will determine the selection priority.
 - In the event of a tie in scores that occurred in the same competition the athlete with the best result in the Laser-Run will be placed in the higher position. If the tie remains, the athlete with the best result in the immediately previous phase (fencing or swimming), and so on will be placed in the higher position.
