

PENTATHLON CANADA
Internal Nomination Process (INP)
Cali 2021 – Junior Pan American Games

This document outlines the process for qualification for the 2021 Junior Pan American Games (November 25 – December 5, 2021).

This version of the INP was approved on August 15, 2021 and replaces the version of the INP approved on May 18, 2021, and any other previous version of this INP as it relates to Cali 2021.

Introduction

The purpose of this document is to set out the process and criteria that will be used by Pentathlon Canada to select athletes to the Cali 2021 team.

The primary objective of the INP is to select athletes with the potential to finish in the top 10 (individual event) and with medal potential (mixed relay) for the Cali 2021 Games. The secondary objective for the 2021 Junior Pan American Games is to provide multi-games experience for Paris 2024 and Los Angeles 2028 targeted athletes.

Policy amendments due to unforeseen competition schedule disruptions will be communicated to Pentathlon Canada members.

Decision Making Authority

The Canadian Olympic Committee mandates Pentathlon Canada to determine the Internal Nomination Procedures for the athletes and staff that will be nominated to the COC for the 2021 Junior Pan American Games.

The Pentathlon Canada High Performance Director (HPD) has the final authority over the selection of the team. After the selection process is completed, if any events remain unfilled, the HPD has the authority to fill those events. If unanticipated circumstances arise that are not covered in the selection criteria, a final and binding decision will be made by the HPD.

For clarifications or questions on the content of the INP, please contact the Pentathlon Canada HPD, Ian Soellner, at ian.soellner@gmail.com.

2021 Junior Pan American Games Selection Criteria

- Athletes must be in the 'athlete pool.'
- Two (2) Team Canada athlete quota spots available.
- Athletes must have met the below standards (achieved in a filmed time trial, where the Laser-Run takes place on a standard 200m or 400m track):
 1. Women: Swim (2:44.00, 222 points), Laser-Run (14:54, 406 points), or a point total of 628.
 2. Men: Swim (2:31.00, 248 points), Laser-Run (13:32, 488 points), or a point total of 736.
- Athletes must hold their Junior Riding License.
- Selection is based on the following, in priority order, and must be achieved within the qualification period of January 1, 2021, to October 15, 2021:
 1. Athlete selection order is based on ranking using the highest pentathlon score achieved in the Junior or Senior category at a UIPM sanctioned International Pentathlon Competition, the Canadian National Championships, or a domestic qualification event noted below (should they take place).
 2. In the event the Canadian National Championships do not take place prior to the Team Nomination Deadline (October 15), Pentathlon Canada may endeavour to offer a domestic qualification event.
 - Competition scores achieved at either Junior or Senior division competitions will be compared directly with equal priority.
 - In the event of a tie in scores, the international score will be the priority score over a Canadian National Championship or domestic qualification event score.
 - In the event of a tie in international competition scores, the second highest score of each athlete will determine the selection priority.
 - In the event of a tie in scores that occurred in the same competition, the athlete with the best result in the Laser-Run will be placed in the higher position. If the tie remains, the athlete with the best result in the immediately previous phase (riding, fencing, or swimming), and so on will be placed in the higher position.
 3. If no athletes of one gender meet the above criteria, then two athletes of the other gender may be selected (presuming both have met criteria). This situation also presumes Pentathlon Canada has qualified two quota spots in that gender via the 2021 Junior Pan American Championships. In this instance, Canada will not field a Mixed Relay team for Cali 2021.
