Junior Pan American Championship Selection Criteria

- Criteria captured in the [NT Selection Policy](#) must be satisfied.
- Athletes must be in the 'athlete pool.'
- Athletes must nominate themselves to Ian Soellner and Joshua Riker-Fox by May 1.
- Most likely four (4) quota spots are available per gender.
- Athletes must have met the below standards (achieved in a filmed time trial, where the Laser-Run takes place on a standard 200m or 400m track):
 1. Women: Swim (2:44.00, 222 points), Laser-Run (14:54, 406 points), or a point total of 628.
 2. Men: Swim (2:31.00, 248 points), Laser-Run (13:32, 488 points), or a point total of 736.
- Selection is based on the following in priority order:
 1. Athletes who have met the above standards and have their Junior Riding License.
 2. Athletes who have met the above standards who do not have their Junior Riding License, but are in a riding program.
 - Athletes without a riding license may qualify, but will not enter the riding phase of the competition.
 - Athlete selection order is based on ranking using the highest Swim + Laser-Run score in a filmed time trial, where the deadline for achieving is the Entry Form A deadline for the Junior Pan American Championships (once published).
 - In the event of a tie in scores, the athlete with the best result in the Laser-Run will be placed in the higher position. In the event a tie remains, the second best Laser-Run score achieved will count (from a filmed time trial).
